Två toppband från Götet och en mästare inom elektronisk impro. Missa inte!

### **Johan Moir Ensemble**

"Johan Moir Ensemble" spelar en musik som tar sin avstamp från Europeisk jazz och improvisations musik, men som inte är rädd för att pröva nya vägar och utmana lyssnaren. Kompositionerna består av starka melodier, med utmanande harmonier, stor dynamik och kontrast. Gruppens spel är samspelt, lyhört och intuitivt.
